

WOLA ITEMS

What can we say when we think of such sorrow as came to Mr. and Mrs. Vallandigham? How can we become reconciled to the thought that three such beautiful flowers of maidenhood were cut down by the blow of a cruelly tragic fate? Our hearts ache in sympathy for the stricken parents and with regret when we think of our own loss. No words can express the depth of our feeling: We can only bow our heads in bitter resignation.

H. Lucas, one of the most enterprising farmers of the valley, is branching out in a most progressive way. Mr. Lucas has bought about 150 head of cattle. We hope he will be as successful raising cattle as he has been in raising fine crops on his farm.

Mrs. Oscar Stetson of Deming spent some days with her parents, Mr. and Mrs. Lucas. Tuesday the women with the baby Stetson were welcome guests at the Danse place.

Mrs. J. F. Porcher is in Deming at present looking after the comfort of Mrs. Toots and the new boy.

Mrs. Danse spent Saturday and Sunday night with Mrs. Colt of Hondo.

Clovis Went Dry

Hot coffee was served to all voters in the prohibition election which was held in Clovis last Tuesday, and in which the city went dry by a vote of 337 to 273.

The election closed one of the most bitter prohibition campaigns in the state. Both sides were well organized and conducted hard fights for votes up to the time the polls closed Tuesday night.

The vote was heavy in spite of the cold weather, many women standing near the polling places in the extreme cold and serving steaming hot coffee to the voters with brief talks in favor of prohibition.

The election ended a campaign of five weeks, during which time both sides held many meetings.

Coldest Weather Yet

The coldest weather of the season swept over Deming this week. Tuesday morning at 6 o'clock the thermometer at the local weather station registered twenty degrees above zero; at noon it registered forty-five degrees above zero, then started to get colder and at 6 o'clock Wednesday morning the temperature was only ten degrees above zero.

Fred Mitchell and Jack Sandquist, of the Park garage force, spent last week in El Paso taking a course of instruction in oxy-acetylene welding and battery work.

The garage has installed a complete welding outfit and is now prepared to do all classes of welding. A specialty will be made of battery work.

Miss Leona A. Walker has entered the "Beauty and Brains" contest being conducted by the Photoplay magazine.

Miss Lulu Brown and Miss Vera Brown of Clifton, Ariz., stopped over in Deming Tuesday enroute to Hurley.

Mrs. John Gumm of Santa Rita, who has been visiting in El Paso, was in the city Tuesday morning enroute to her home.

Mrs. W. H. Gay of Denver, Colo., was in the city Tuesday morning on her way to Tucson.

W. C. Maddox departed Tuesday morning for a short business trip to Lordsburg.

Miss May Vinnett of Silver City, who has been visiting her sister, Mr. and Mrs. N. P. Elufson, was called home Tuesday because of the illness of her mother.

About State Land Sales

The following letter from the state land office is self-explanatory: Editor Deming Graphic:—There is some misunderstanding regarding the advertisement of sale of state land. For general information regarding the same, part of Sec. 10 of the Enabling Act is quoted and reads as follows: "Said lands shall not be sold or leased, in whole or in part, except to the highest and best bidder at a public auction to be held at the county seat of a county wherein the lands to be affected, or the major part thereof, shall lie, notice of which public auction shall first have been duly given by advertisement, which shall set forth the nature, time, and place of the transaction to be had, with a full description of the lands to be offered, and be published once each week for not less than ten successive weeks in a newspaper of general circulation published regularly at the state capital, and in that newspaper of like circulation which shall then be regularly published nearest to the location of such lands so offered; nor shall any sale or contract for the sale of any timber or other natural product of such lands be made, save at the place, in the manner, and after the notice by publication thus provided for sales and leases of the lands themselves; provided, that nothing herein contained shall prevent said proposer state from leasing any of said lands referred to in this section for a term of five years or less without said advertisement herein required."

The state land office has designated the State Record as the paper located at the capital for such notices and has, in practically every case, designated a paper nearest to the said land for such local advertisements.

When parties make inquiry as to where they can find land sale notices published, it is difficult to tell them the county paper in which the notices will be placed, until the land is ready for sale, as the land may be in varying sized tracts. Therefore, such parties are informed that notices will always be found in the State Record.

ROBERT P. ERVIN
Commissioner.

Training Outweighs Long Service

There is no better proof of this than the every-day scenes of long service, untrained employees at the back and call of younger men who occupy the big positions because of their training. It's a case of Training vs. Long Service—with the odds in favor of the trained man. Get out of the untrained rut. Mark and mail the attached coupon and let the I. C. S. of Scranton, tell how you can qualify for a better position. How you can protect yourself against servitude in your old age. How you can become an expert at your chosen line of work.

That the business of the I. C. S. is to raise salaries is shown by the monthly average of 400 letters voluntarily written by students reporting salaries raised and advancement won through I. C. S. help. No necessity for leaving home. No books to buy. Marking the coupon puts you on no expense and places you under no obligation. Mark it NOW.
